

## **ASEC Committee**

Jim Steele, Associate Registrar for Student Records, Office of the Registrar. I have been a University employee for 17 years, all of those as a member of the Academic Staff. Several years ago, I was a board member of the Madison Academic Staff Association and served as its Membership Chair. I have been an Assembly Representative for the last 3 years and currently serve as a member of the Ad-Hoc Collective Bargaining Committee. I have been active on several committees related to student services for many years and currently serve on the Council on Academic Advising, the Crossroads (formerly known as the Associate Administrative Council) group, the ISIS Module Management Team, the Query Library team for student records queries, and other similar groups. I also often attend the L&S Academic Advisors Group and occasionally represent our office at UAPC meetings. I am highly knowledgeable of the complex workings of this University and have a broad range of contacts throughout campus. I want to become more active in governance issues and I believe ASEC plays an important role in making sure that the Academic Staff gets heard and doesn't get drowned out by the louder voices of Faculty or the numerous voices of Unclassified staff.

I believe that I am well respected as an honest, helpful, and kind person who likes to get things done. I work well as a team member and am a very structured and focused individual who likes to have fun and get things done.

Jim Steel
