

Resolution Regarding Changes to ASPP Covered in ASPP 13.05

Whereas ASPP (Academic Staff Policies and Procedures) 13.05 gives the Secretary of the Academic Staff the responsibility to ensure that the format and cross-referencing between sections in ASPP is maintained;

Whereas the Academic Staff Assembly has traditionally been asked to approve all changes to the Academic Staff Policies and Procedures (ASPP) even changes that are covered by ASPP 13.05;

Therefore, the Academic Staff Assembly explicitly confers the authority and responsibility of the Secretary of the Academic Staff to update cross references and formatting in ASPP from this date forward.
