

Josh Hanson
NOMINATING COMMITTEE CANDIDATE
PERSONAL STATEMENT
(Replace Sophia Erb through June 30, 2020)

While somewhat new to the university, I do have experience with shared governance. Prior to my time at UW-Madison, I served as a student association President, where I served on various committees. Those committees included both local and system-wide committees, including co-chairing state-wide committees on Student Success and a Steering Committee. On a campus level, I served on committees on Campus technology and a system-mandated implementation committee. While admittedly the student experience is different than that of faculty and staff, I valued the cooperation between units.

Here at Madison, I am excited to be nominated for the nominating committee. I would value the opportunity to get involved in the shared governance processes of Madison, and would work to ensure that I am fair in decisions impacting staff here at Madison. I respect the voices of my colleagues, and am looking forward to an opportunity to work more closely with you in this capacity.
