

Dan Barnish
NOMINATING COMMITTEE CANDIDATE
PERSONAL STATEMENT
(Replace Josh Hanson starting September 10, 2019 through June 30, 2020)

I am interested in serving a second term on the Nominating Committee (NC). The NC plays an important role. It serves the Academic Staff and campus in selecting candidates to serve on committees throughout UW. I have been a Student Services Coordinator in CALS and L&S for the past 18 years. I currently advise Statistics Students and work with faculty to make Teaching Assistant decisions.

My experience on the Nominating Committee has provided me with the opportunity to learn about shared governance at UW Madison. Academic Staff have an important voice and work in many vital roles on campus. Being one of the co-chairs for the Nominating Committee for the last year, I have enjoyed helping the committee recruit academic staff members to serve campus. I have also enjoyed my involvement in this committee and the opportunity it has given me to meet many people and to learn more about UW Madison policies. I look forward to continuing to work for the academic staff community.
