

Updating Campus Strategic Framework DRAFT November 11, 2014

Over 6000 faculty, staff, students, alumni and friends participated in UW-Madison's self-study in 2009. The commitment, energy, and creativity from those voices resulted in a visionary guide to help shape UW-Madison's future, including a strategic framework. After significant advances on the priorities outlined in 2009, this is a draft updated version, charting a course for 2015-2019.

The vision, guiding principles, and priorities are carried forward from our current plan as they remain relevant. The activities for each priority are updated – see pages 4-5 of the draft. We welcome your comments and suggestions. Please send your comments to Maury Cotter at mcotter@wisc.edu by December 10, 2014.

We are committed to advancing the bold visions outlined by our colleagues and constituents.

Sarah Mangelsdorf, Provost

Process and Timeline

Fall 2014

Create draft – Provost - October 7
(MC support)

Provost and other leaders will vet with:

Chancellor	October 14
Cabinet	October 28
