

## **Kemper K. Knapp Bequest Committee Annual Report, 2016-2017**

### **I. Committee Function**

The Kemper K. Knapp Bequest Committee meets at least once each year to evaluate requests to fund special projects that will take place during the following academic year. The committee favors projects that cross departmental lines and have an impact on the educational and cultural life of the university community, particularly projects that benefit undergraduate students. Knapp funds are not often used for purposes that can and should be supported elsewhere, such as from regular grants or research funding, from fees charged for performances, or from the regular university budget. When considering requests for funds, the committee keeps in mind the spirit of the will of Kemper K. Knapp:

*“In general it is my wish that such funds be used for purposes outside the regular curriculum of the university. . . to cultivate in the student body ideals of honesty, sincerity, earnestness, tolerance, and social and political obligations.”*

### **II. Activities**

As in previous years, the major share of the income from the Knapp Bequest Fund has been allocated to enhance scholarship opportunities at the UW-Madison. Support in this category has been granted toward undergraduate and law scholarships, minority scholarships administered through the Office of the Chancellor, and Graduate School fellowships.

In addition to the ongoing support for scholarships, the committee makes regular allotments to the Lectures Committee and to the Morgridge Center for Public Service. The committee approved eight ongoing commitments in all in 2016-2017.

The committee makes other grants for one-time projects, typically in the range of \$500 to \$5,000. The committee approved support for sixteen of these projects in 2016-2017.

During the 2016-2017 funding cycle, the committee received 25 total requests and granted funds to 24 programs for projects taking place in 2016-2017. The Kemper K. Knapp Bequest Committee approved grants of \$1,306,015 in 2016-2017. Refer to Appendix A for the list of awards.

This year, the committee also took an extra initiative to confirm that awardees reached out to under-served student groups and students in under-funded areas.

### **III. Summary**

In its commitment to the enrichment of the intellectual environment of the university through the use of the Kemper K. Knapp Bequest, the committee strives to encourage increased interest in the development of campus activities that will fulfill the donor’s interest in the undergraduate experience.
