 - a. Asian American Studies: Certificate in Asian American Studies (CERT201)
 - b. Integrative Biology: BA/BS Major, Neurobiology (BA 708)

Discussion:

5. Consultations of the Dean

The University of Wisconsin–Madison occupies ancestral Ho-Chunk land, a place their nation has called Teejop (day-JOPE) since time immemorial.

In an 1832 treaty, the Ho-Chunk were forced to cede this territory. Decades of ethnic cleansing followed when both the federal and state government repeatedly, but unsuccessfully, sought to forcibly remove the Ho-Chunk from Wisconsin.

This history of colonization informs our shared future of collaboration and innovation.

Today, UW–Madison respects the inherent sovereignty of the Ho-Chunk Nation, along with the eleven other First Nations of Wisconsin.

Please note that in compliance with ss. 19.81 Wis. Stats. and with the 1974 Federal Education Rights and Privacy Act (FERPA), portions of this meeting may be closed to the public, to prevent release of student record information without prior written authorization from the student or students involved.
